DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 6-8, 14 and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by Leininger '777.

The patent to Leininger discloses the invention as is claimed, including a wiper drive system (figs. 1,2) for imparting overlapping butterfly oscillation to a pair of wipers (3,4) via shafts (9,10). Leininger also discloses the use of a idler link means (21) connectible to at least one of the wiper shafts for imparting lower acceleration (essentially zero acceleration), via a dwell in oscillation (see col. 3, lines 49-55), in proximity to a reversal position than intermediate a park position and said reversal position. Note that the idler link (21) has a fixed axis of rotation at a pivot point (22) that is spaced from the wiper shafts (9,10), as is claimed.

Response to Arguments

Applicant's arguments with respect to claims 6-8 and 14, 15 have been considered but are moot in view of the new ground(s) of rejection. As stated above, the patent to Leininger discloses the invention as is claimed. The idler pivot link means (21) has a fixed axis of rotation.

Since claims 3 depends from an allowable claim and claims 11 and 18 each depend from an objected to claim that contains allowable subject matter, they have been rejoined at this time.

Allowable Subject Matter

Claims 1-5, 10, 13, 17 and 20 are allowed.

Claims 9, 11, 12, 16, 18 and 19 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
